	1,509	-	99	99

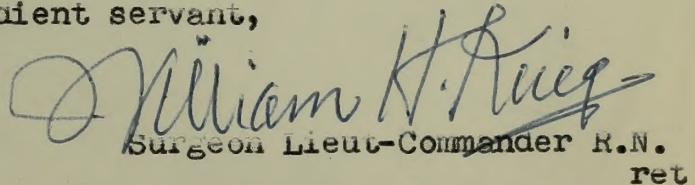

Notices served.

During the year 41 informal Notices were served in the course of routine inspections by the Sanitary Inspector calling attention to 90 minor defects and/or nuisances. As far as possible the matter in question were rectified in Port, or, if not the Owners were informed.

Public Health (Shell-fish) Regulations. '34-'38

The oyster bed in Fowey River has been steadily engaged in producing shell-fish, according to season. The method of purification appears to be carried out in a satisfactory manner.

I am,
Sir,
Your obedient servant,

Surgeon Lieut-Commander R.N.
ret

The Minister of Health.
